Growing up, Pat Brown had two dreams: to play baseball and to attend college. She was told she couldn't play baseball because she was a girl and couldn't attend college because she had no money, but in spite of the obstacles, she achieved both of these dreams, playing for the All-American Girls Professional Baseball League in 1950 and 1951 and going on to attend college. She is among the few women professional baseball players to be included into the National Baseball Hall of Fame. "As the only former AAGPBL player to have written about the League," Brown says, "I feel like I have finally pitched my no hit game." This is a memoir of playing baseball on the sandlot, discovering and playing in the AAGPBL, and playing basketball in college. Brown shares her thoughts on the League's history, including what Philip K. Wrigley sought to do by creating the AAGPBL, what happened after Wrigley left to give more attention to the Chicago Cubs, and why the League ended. She also considers the future for women's professional baseball. Interviews with such former AAGPBL players as Helen Hannah Campbell, Patricia "Pat" Courtney, Madeline "Maddy" English, Lenora "Smokey" Mandella, Jacqueline "Jackie" Matson, Jane Moffet, Mary "Sis" Moore, and Janet "Pee Wee" Wiley are included.

How champions win and how they can be beaten. *A League of Their Own* provides readers with a closer look at the FIFA Club World Champions, such as FC Barcelona, Bayern Munich, Real Madrid and Manchester City. Readers will catch a glimpse into the history of these clubs while also learning about the individual philosophies of some of the top coaches. This book discusses different tactical philosophies as well as how these tactical approaches have been adjusted by some of soccer 's greatest coaches, such as Pep Guardiola, José Mourinho, Luis Enrique, and Louis van Gaal. Finally, readers will be taken through case studies of each individual team with a step-by-step analysis of how these tactical setups are successful and how they can be exploited. Each case study will provide a discussion of how each team sets up when in attack, defending, and in transition. Not only addressing how and why these tactical setups are powerful, this book also breaks down and specifies just how lesser teams can exploit the subtle weaknesses by adjusting their attacking, defending, and transition strategies. Winning the tactical battle on the pitch creates endless possibilities, and perhaps evens the playing field to continue intrigue of the game.

Heather Gadway may have been a world-class college pitcher and a top university coach. But she's a rank amateur when it comes to managing the Falcons, her father's struggling minor league team. And when it comes to managing her aggravating attraction to Garrett Wolf, their talented new pitcher. It's going to be difficult enough to make it as the first female manager in the league and prove to her overly critical father she's worthy. No distractions. No missteps. And certainly no romances with players. Everything stands between them — including their troubled pasts — even as Heather's world falls apart and Garrett's the one who's there to catch her...

A colorful chronicle of the All-American Girls Professional Baseball League, as recalled by the very women and men who were a part of it. From Philip K. Wrigley, the chewing-gum mogul who had the idea for the league, to "Gabby" Ziegler, captain of the Grand Rapids Chicks, *Girls of the Summer* is about dreams and about making those dreams come true.

A lady must have money and an army of her own if she is to win a revolution--but first, she must pit her wits against the wiles of an irresistible rogue bent on wrecking her plans...and her heart. Lady Lucie is fuming. She and her band of Oxford suffragists have finally scraped together enough capital to control one of London's major publishing houses, with one purpose: to use it in a coup against Parliament. But who could have predicted that the one person standing between her and success is her old nemesis and London's undisputed lord of sin, Lord Ballentine? Or that he would be willing to hand over the reins for an outrageous price--a night in her bed. Lucie tempts Tristan like no other woman, burning him up with her fierceness and determination every time they clash. But as their battle of wills and words fans the flames of long-smoldering devotion, the silver-tongued seducer runs the risk of becoming caught in his own snare. As Lucie tries to out-manuever Tristan in the boardroom and the bedchamber, she soon discovers there's truth in what the poets say: all is fair in love and war...

Journalist Fremont Older (1856-1935), born in Appleton, Wisconsin, went to California in 1873 and became one of the state's most controversial newspapermen in his work at the San Francisco Call and Bulletin. My own story (1919) first tells Older's story as the editor of the struggling Bulletin in 1895. He provides fascinating details of his fight against political corruption in San Francisco in the next fifteen years, a chronicle of graft, labor violence, fraud, and rampant bribery centering on his fight against the Southern Pacific Railroad and its political "ring" and personal battles with Republican boss Abraham Ruef, Mayor Eugene Schmitz, and Patrick Calhoun, head of United Railroads.

"Dr. Williams set out to answer a question from her students who asked her for real life examples of how sports made a larger difference in women's lives. This book is the result of that research and readers will be amazed and inspired by the stories they read. There can be no doubt after reading about the careers of the players that their lives were transformed. With a focus on economics, travel, education and patriotism readers will never again wonder about the transforming power of sports."--Leslie Heaphy, Kent State University at Stark, editor of Encyclopedia of Women and Baseball. The hit 1992 film A League of Their Own made the All-American Girls Professional Baseball League famous. But the players' stories remain largely untold. The 600 women who played for the AAGPBL through the 1940s and 1950s enjoyed a rare opportunity to lead independent lives as well-paid professional athletes. Their experiences in the league led many to education and careers they never imagined. The league's greater mission was saving America's pastime as millions of men fought in World War II. This sense of commitment to a larger cause stayed with the players throughout their lives. As teachers, coaches and role models, they strove to broaden the horizons of girls and young women. Many continued to be involved in athletics, supporting the efforts leading to Title IX and the women's sports revolution. Today, they are dedicated to preserving the history of women in baseball and creating opportunities for girls to play.
